**I am CRAZY.....
in Greenland**

Donald Trump's insanity is becoming increasingly clear. Already in 2015, several prominent psychologists warned about Donald Trump's mental health. Symptoms like paranoia and several other symptoms. The latest statement that he wants the US to take control of all of Greenland is almost a declaration of war against the EU, because Denmark has Greenland included in its land area and an attack on Greenland is an act of war against NATO and the EU at the same time. Donald Trump cannot be mentally healthy and neither can those who voted for him, the same way Germans voted for Hitler in 1933.
